

Museum Studies Program: Collections Management & Curatorship

For 2021: All workshops will be offered online on Wednesdays from 2-4pm

Date: October 27, November 3, November 10, November 17, November 24

Location: Online (Zoom)

Facilitator: Karin Kierstead, Museum Evaluation Program Manager

Enrolment Limits: 30 participants

Learning Outcomes

- Role collections play in museums
- Essential policies and procedures for proper care, management and use of collections
- Acquisitions, documentation, handling, and deaccessioning
- Databases and online access
- Ethics, legal issues, tax receipts, insurance, and copyright.

The workshop format offers a combination of lecture, group discussion and exercises. Good collection management practices are the backbone of solid museum management. This workshop offers a comprehensive introduction to the main functions of managing a museum collection.

Having worked with museums in four provinces, Karin brings a combination of education and practical experience to the workshop, providing real-world examples to the discussions and exercises. You can read her bio on the ANSM website.

This workshop can be taken as part of the ANSM Museum Studies Program or on its own.
